

EL[®]MARK

The Brand of Electricity

HIGH POWER INDUSTRIAL FAN

HPIWF3 and HPISF3

Industrial fans are suitable for a continuous or periodical ventilation of medium large agricultural, Residential, commercial, or industrial - ideal for gyms, workshop, offices, restaurant, warehouses and etc. where it is needed great volumes of air to be moved

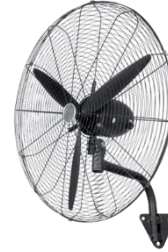

HIGH POWER INDUSTRIAL WALL FAN: 500145

TOP FEATURES:

- 3 speed settings
- 90° oscillating for great air flow
- Aluminum blades for optimizing airflow volume.

TECHNICAL DATA

- Dimensions: Diameter:700xDepth410xHight:750mm
- Voltage: 220-240V
- Power: 180W
- Revolutions per minute: 1000
- Maximum air capacity: 8800 m3/h
- Body color: Black

HIGH POWER INDUSTRIAL STANDING FAN: 500146

TOP FEATURES:

- 3 speed settings
- 90° oscillating for great air flow
- Aluminum blades for optimizing airflow volume.

TECHNICAL DATA

- Dimensions: Diameter:700xDepth:490xHight:1650mm
- Voltage:220-240V
- Power: 180W
- Revolutions per minute: 1000
- Maximum air capacity: 8800 m3/h
- Body color: Black
