

TECHNICAL SPECIFICATION

Insulated VDE pliers 1000V

Functions:

- Repairing of electrical installations
- Lighting - mounting and repair

Technical data:

- Made of chrome vanadium steel with high voltage insulation
- Ergonomic design for comfort during continuous operation
- Bi-material soft-grip handle against gripping
- Induction hardened cutting edges
- GS/TUV approved.

Applications:

- In Chemical industry
- For low voltage networks
- In electrical stations and substations
- Telecommunications
- Lighting - mounting and repair

Advantages:

- Ergonomic design for comfortable, firm grip
- Magnetic end of all the screwdrivers
- Long operating life
- High level of security

Safety precautions:

- When working under voltage it is recommended to use dielectric carpet and gloves
- Avoid contact with water during working

- Always check with a voltage tester before touching uninsulated surfaces and elements which could be under voltage
- Check the instrument for damages before start working with it. If finding a damage the instrument should not be used

Variants:

- VDE Combination Pliers

Type	Size (mm)	Packing (pcs) hanging card / box / carton	Catalogue number
VDE Combination Pliers	180	1 / 6 / 60	599100180

- VDE Long Nose Pliers

Type	Size (mm)	Packing (pcs) hanging card / box / carton	Catalogue number
VDE Long Nose Pliers	180	1 / 6 / 60	599300180

- VDE Side Cutting Pliers

Type	Size (mm)	Packing (pcs) hanging card / box / carton	Catalogue number
VDE Side Cutting Pliers	160	1 / 6 / 60	599200160

- VDE Cable Cutting Pliers

Type	Size (mm)	Packing (pcs) hanging card / box / carton	Catalogue number
VDE Cable Cutting Pliers	160	1 / 6 / 60	599600180

Standards:

EN 60900
